

Cavalor Energy Booster

COMPLEMENTARY FEED FOR HORSES

1. Description

- Paste

2. Intended use

CAVALOR ENERGY BOOSTER is a special blend of high-value electrolytes, vitamins, amino acids, sugars, and salt that are easily absorbed to give the right energy for a fresh performance by the horse.

3. Directions of use

Dosage per animal per day:

Ponies and riding horses: ½ syringe

Sport horses: 1 syringe

Give half an hour before and/or immediately after the effort.

Maximum: 3 syringes per day

4. Product Features

- Electrolytes: To replenish the lost electrolytes after heavy effort.
- Vitamins B: Increase the absorption of oxygen in the tissue and blood; B vitamins improve the horse's endurance and performance; these are water-soluble vitamins that are immediately absorbed and have an immediate effect on the performance.
- Glucose : immediate available energy source.
- Amino acids: Important source of nourishment for muscle function and basic elements for the repair of damaged muscles; the added amino acids are absorbed immediately, guaranteeing fast, noticeable results.

5. Analysis

Crude Protein	1.4%
Crude Fat	0.1%
Crude Ash	7.6%
Crude Fibre	0.1%
